EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Spence, Brad on 08/30/07. The application has been amended as follows:

The phrase, "one of the preceding claims" in claims 5, 6, 9, 12, 13, 14, 15, 16 and 17 has been changed to-----claim 1-----; and the phrase, " one of the claims 17 to 20" in claim 21 has been changed to-----17-----.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Claim 1 is allowable because the prior art of record fails to disclose or suggest or teach the recited external housing having on it's a rear side opening through which essentially the entire hollow space formed between the external housing and an internal housing is accessible for introducing isolation material, the external housing and the internal housing being injection-molded components.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
